KALIHI UNION CHURCH

2214 North King Street, Honolulu

DID YOU KNOW THAT ONE STUDY REPORTS 50% OF TEENAGERS FEEL THEY'RE ADDICTED TO THEIR PHONES?

Another tells us that 1 out of 10 visitors to hardcore porn sites are 9 years old or younger!

What is happening to the world our kids are growing up in?

Here's the reality: as parents of the very first 100% digital generation, we're facing an onslaught of dangers that families have never faced before...and we are shockingly unprepared for it. In this workshop, Dean is going to show you, step by step, a practical road map for your family to decrease the fighting and whining you're so sick of, and instead increase creativity, social connections, and heart-to-heart relationships with your kids.

When you leave this workshop, you'll have:

1. Confidence in your game plan to turn things around in your home.
2. Practical resources and tools you can use to protect your kids online.
3. Peace of mind and renewed hope that you can raise healthy, successful kids.
